Do you prescribe or manage opioids for patients?

Reduce risk for you and your patients. Provide better outcomes for those on opioid therapies.

If you are involved in prescribing opioids, you need to join us for this unique educational opportunity to learn from leaders in the field.

This intensive 2+ day program is led by renowned specialists and is designed to inform physicians, NPs, PAs and other healthcare professionals, in the uses, abuses and legal ramifications of opioids. You and your team should attend to learn the latest in the challenging and complex field of opioid analgesics.

Why should you attend? The conference features a full schedule of topics and speakers who will address all aspects of the medical use of opioids.

- Hear about exciting developments in opioid neurology, pharmacology and applications
- Learn the latest concepts, ethics and legal aspects
- Gain an understanding of the newest methodologies for the delivery of opioids and opioid rotation
- Participate in constructive panel discussions and case studies with top professionals in opioid management
- Take advantage of meeting thought leaders and networking with colleagues. **Register today!**
